

INDEX TO VOLUME 147

A

- Abdominal Aorta, Arteriovenous Fistula Involving the, 646
 Adenomas, Villous, of the Large Intestine, 476
 Agnesis, Lobar, of the Lung, 267
 Aircraft, Accidents, The Human Element in, 590
 Alcoholism and Alcoholic Pancreatitis, 326
 Amylase Concentration, in Serum and Peritoneal Fluid, 245
 Aneurysm, Common Iliac Artery, in a Boy Six Years of Age, 109
 Antidiuresis, Surgical, in Dogs, Effect of Autonomic Blocking Agents, 375
 Antral Pouch, Innervated and Denervated, 13
 Anus, Imperforate, 203
 Aorta, Anomalous Right Subclavian Artery, Arising Distal to a Coarctation of, 93
 Non-Hemorrhagic Cleavage of the, 571
 Aortic Arch, Stab Wound of, 84
 Homograft, Fatal Rupture of, 393
 Sinus, Ruptured Aneurysm of, 387
 Valvular Prosthesis Experiences with New Types of, 636
 Arterial, Homografts, Electron-Irradiated and Freeze Dried, 562
 Injuries, Arteriography as an Aid in the Diagnosis and Localization of, 353
 Obliterative Disease, Surgical Management of, 845
 Repair During the Korean War, 555
 Arteriography, Diagnosis and Localization of Acute Arterial Injuries as an Aid in, 353
 Operative Intestinal, 224
 Arteriovenous Aneurysm, Congenital Pulmonary, Complicated by Bacteroides Abscess of Brain, 404
 Fistula, Involving the Abdominal Aorta, 646
 Artery Aneurysm, Common Iliac, in a Boy Six Years of Age, 109
 Anomalous Right Subclavian, Arising Distal to a Coarctation of the Aorta, 93
 Obstruction, Surgical Approach to the Problem of Chronic Pulmonary, Due to Thrombosis or Stenosis, 157
 Vertebral, Technic for Surgical Exposure of Vertebral Artery in the Cervical Region, 537
 Autonomic Nervous System, Role of the, in the Control of the Pulmonary Vascular Bed, 895

B

- Bacitracin, The Use of, 295
 Bacteroides Abscess of Brain, 404
 Bilateral Cystosarcoma Phylloides, 39
 Biliary Tract Surgery, 414
 Bleeding Varices, Children, Colonic Replacement of Distal Esophagus and Proximal Stomach, Management of, 17
 Blocking Agents, Autonomic, 375
 Blood Collection for Transfusion Utilizing a Cation Exchange Resin, A Safe and Simple Method of, 69
 Bowel, Large, Twenty-four Hour Preparation for Surgery Using Neomycin-Sulfathalidine or Neomycin-Oxytetracycline, 359
 Small, Dyskinesia, Postobstructive, 26
 Burns, Complication of, 443
 Problem of Infection, by Resistant Micro-organisms with Note on Use of Bacitracin, 295
 Bypass, Cardio-pulmonary, 596

C

- Cancer of the Stomach, A Technic for Radical Resection of, 313
 Carcinoma, Gastric-Type, Arising in Duplication of the Small Intestine, 124
 Of the Colon and Adult Intussusception, 796
 Of the Neck, 366
 Of the Stomach in Youth, 553
 Of the Head, of the Pancreas, 937
 Squamous Cell Arising in Benign Cystic Teratoma (Der-moid) of the Ovary, 697
 Cardiac, Injuries, 347
 Shunts, the Localization of Left-to-Right, 191
 Stab Wound Resection of a Left Ventricular Aneurysm Secondary to, 256
 Cardiopericardiopexy, 289
 Cardio-Pulmonary, Bypass, The Influence of, 596
 Cardiovascular, Operations, The Effect of, Upon Performance of Dogs in a Maze Test, 251
 Catheters, Femoral, 166
 Cation Exchange Resin, 69

- Cauda Equina, Early Signs and Symptoms of Tumors Involving the, 668
 Cerebral, Hypothermia, Physiologic and Pathologic Effects of, 673
 Cervical Spine, Esophageal Obstruction Due to Lesions of the, 864
 Cervix, Carcinoma, Combined Irradiation and Surgical Treatment for, 704
 Chronic Mitral Insufficiency, The Experimental Creation of, 98
 Cirrhosis, of the Liver, Pre- and Postoperatively, Nutrition Requirements and Managements in Patients with, 876
 Clostridium Histolyticum Enzymes, Effects of, upon Burned and Unburned Tissues in Vitro, 580
 Colon, Adult Intussusception and Carcinoma of the, 796
 Colonic Replacement, Distal Esophagus and Proximal Stomach in Management of Bleeding Varices in Children, 17
 Cutaneous Necrosis Due to Norepinephrine, 44
 Cystosarcoma, Phylloides, Bilateral, Malignant Variant, 39
 Cytologic Study, Exfoliative, of Gastric and Esophageal Lesions, 733

D

- Distal Esophagus, Colonic Replacement of, 17
 Donor Tissue, The Function of the, 129
 Duodenum, Cancer of the, A Technic for Radical Resection of, 313
 Dyskinesia, Small Bowel, Postobstructive, 26

E

- Ectopic Anus, 173
 Editorials, 127, 244, 423, 585, 772
 Embolic, "Saddle," Requiring Multiple Embolectomies, 75
 Enzymes, Clostridium Histolyticum, Effects of, upon Burned and Unburned Tissues in Vitro, 580
 Esophagus, Distal, Management of Bleeding Varices in Children, Colonic Replacement of, 17
 Transplantation of the Partially Resected Middle, with a Jejunal Graft, 146
 Excretory Liver Function, Estimation of, 505
 Extracorporeal Circulation, and Hypothermia, for Open Heart Surgery, 603
 In Removal of Left Atrial Myxoma, 320

F

- Facial Paralysis, Muscle Plastic Operations for, 541
 Femoral, Hernia Repair, Personal Technic and Results in, 684

G

- Gallstones, Mitral Stenosis, 817
 Gastrectomy, Total, 760
 Gastritis, Idiopathic Hemorrhagic, 399
 Great Vessels, Dilatation in, 835

H

- Heart, Penetrating Wound of, with Delayed Recurrent Hemothorax, 87
 Heidenhain, Pouch Secretory Response to Transplantation of the Innervated and Denervated Antral Pouch to the Transverse Colon, 13
 Hemodynamics, Portal, Under Varying Experimental Conditions, 869
 Hemorrhage, Gastro-intestinal, Primary Polyarteritis Nodosa, of the Stomach and Small Intestine as a Cause of, 714
 Peptic, Surgical Treatment of Masses Postoperative, 728
 Rectal, Midgut Valvulus in the Newborn, 112
 Shock, The Effect of Hypothermia, 273
 Hemothorax, Delayed Recurrent, 87
 Hepatic Duct, Stone Causing Jaundice, 812
 Hepatitis, Cholangiolitic Intrahepatic, 805
 Hernia, Femoral Repair, Personal Technic and Results in, 684
 Peritoneal: Report of Two Cases, 531
 Heterotopic Pancreatic Tissue, 1
 Hirschsprung's, Pseudo, Disease, 781
 Homografts, Freeze-Dried Arterial and Electron Irradiated, 562
 Multiple-Set Skin, The Immune Response to, 273
 Hyperplasia, Localized Mediastinal Lymph-Node, Resembling Thymoma, 409
 Hypertension, Portal, Side-to-Side Portacaval Anastomosis, 883

Hypothermia, Cerebral, Physiologic and Pathologic Effects of, 673
Hemorrhagic Shock, The Effect of, 281
Profound in Man, 264
Rewarming Following, of Two to Twelve Hours, 515

I

Iliac Artery Aneurysm, 109
Injuries, Cardiac, 347
Intestinal Obstruction, Postoperative Morbidity and Mortality in, 33
Intussusception, Adult, and Carcinoma of the Colon, 796

J

Jaundice, Stone in the Left Hepatic Duct Causing, 812
Jejunal Graft, Transplantation of the Partially Resected Middle Esophagus with a, 146

L

Large Bowel, Preparation for Surgery, 359
Large Intestine, Villous Adenomas of the, 476
Leiomyosarcoma, Lung of the, 116
Lesions, Gastric and Esophageal, Exfoliative Cytologic Study of, 733
Liver, Infarction and Multiple Abscesses of, Following Biliary Tract Surgery, 414
Lobectomy of the, for Benign Conditions, 827
Lobectomy, Liver, for Benign Conditions, 827
Lung, Unilateral, Compliance During Thoracotomy, 494
Leiomyosarcoma of the, 116
Lobar Agenesis of the, 267
Lymph Node, Hyperplasia, Localized Mediastinal, 409

M

Maze Test, Performance of Dogs in, 251
Melanoma, Advanced Malignant, The Treatment of, 232
Melena, Massive Duplication of the Small Intestine with, 239
Mitral Insufficiency, Surgical Correction of, 625
The Experimental Creation of Chronic, 98
Stenosis, Results in the Surgical Treatment of, 614
Mucosa, Colon, Regeneration Following Removal in Short Segments of the Bowel, 775
Muscle Plastic Operations, 541
Myocardial Contractile Force, 596
Myocardium, Vascular Channels, Established by Implantation of a Systemic Artery into the, 425
Myxoma, Left Atrial, 320

N

Neck, Carcinoma of the, 366
Necrosis, Cutaneous, Due to Norepinephrine, 44
Neomycin-Sulfathiazole, Oxytetracycline, 359
Nervous System, Autonomic, Role of, and Control of Pulmonary Vascular Bed, 897
Nodule, Pulmonary, The Solitary, 197
Norepinephrine, Cutaneous Necrosis Due to, 44
Nutrition Requirements, in Patients with Cirrhosis of the Liver, Pre- and Postoperatively, 876

O

Obstruction, Intestinal in Postoperative Morbidity and Mortality, 33
Organism, Undernourished, Survival of, 51

P

Pancreas, Carcinoma of the Head of the, 937
Cancer of the, A Technic for Radical Resection of the, 313
Pancreatic, Calcification, 326
Pseudocyst, Appraisal of Surgical Procedures for, 905
Tissue, Heterotopic, Involving the Stomach, 1
Pancreatitis, Recurrent, Sphincteroplasty for, 180
Pancreatoduodenal, Resection, 933
Peptic Hemorrhage, Surgical Treatment of Massive Postoperative, 728
Pericarditis, Chronic Constrictive, Surgical Aspects of, 488
Perineum, Anteriorly Placed Rectal Opening, 173
Peritoneal Immunity, Effects of Intestinal Antibiotics, 692
Peritonitis, Acute Chylous, 419
Phylloides, Bilateral Cystosarcoma, Malignant Variant, 39
Plasma Volume, Rapid Determination of, 505
Polyarteritis Nodosa, Primary, of the Stomach and Small Intestine As a Cause of Gastro-Intestinal Hemorrhage, 714

Portal Hypertension, 881
Post-Stenotic Dilatation, in Great Vessels, Pathogenesis and Significance of, 835
Presidential Address, Southern Surgical Association, 587
Prosthesis, Aortic Valvular, Experiences with New Types of, 636
Proximal Stomach, Colonic Replacement of the, 17
Pseudo-Hirschsprung's Disease, 781
Pulmonary Artery Obstruction, Due to Thrombosis or Stenosis, 157
Nodule, Solitary, 197

R

Rectal Hemorrhage, Midgut Volvulus with, in the Newborn, 112
Resection, of Ruptured Abdominal Aortic Aneurysm with Fatal Rupture of Aortic Homograft, 393
Pancreatoduodenal, 933
Pulmonary, End Results, for Tuberculosis, 659
Right Colon, Substitution of, for the Esophagus, 854
Rose Bengal Dye Method, Rapid Determination of Plasma Volume with a Simultaneous Estimation of Excretory Liver Function in Patients by the, 505

S

"Saddle" Emboli, 75
Serum Amylase, Determination, Significance of, 923
Sinus, Aortic, Surgical Treatment of Ruptured Aneurysm, 387
Skin Homografts, The Immune Response to Multiple-Set, 273
Small Bowel, Postobstructive, 26
Small Intestine, Duplication of the, 124
Sphincteroplasty, for Recurrent Pancreatitis, 180
Spleen, Traumatic Rupture of the, from Nonpenetrating Injuries, 214
Stab Wound, of the Aortic Arch, 84
Stenosis, Mitral and Gallstones, 817
Subclavian Artery, Anomalous Right Arising Distal to a Coarctation of the Aorta, 93
Survival of the Undernourished Organism, I. Following Surgical Trauma, 51
II. Tolerance of Undernourished Rats to Rapid Hemorrhage with Blood Volume Correlations, 56
III. Following Tourniquet Shock, 62
IV. Mechanism of the Enhanced Mortality of Tourniquet Shock in Starving Animals, 66
Sympathectomy, Physiologic Studies, Before and After Upper Dorsal, 261
Systemic Artery, Implantation of, 425

T

Teratoma, of the Ovary, Benign Cystic, 697
Thrombo-endarterectomy, 854
Thymoma, Resembling, Localized Mediastinal Lymph-Node Hyperplasia, 409
Tissue, Donor, The Function of Experimental Operations with Radioactive Bone Grafts, 129
Transfusion, A Safe and Simple Method of Blood Collection for, 69
Transplantation of the Innervated and Denervated Antral Pouch to the Transverse Colon, Heidenhain Pouch Secretory Response to, 13
Transverse Colon, Transplantation of the Innervated and Denervated Antral Pouch to the, 13
Transverse Mesocolon, Cancer of the, A Technic for Radical Resection of the, 313
Trauma, Nonspecific, 738
Triethylene Thiophosphoramide, 232
Tuberculosis, End Results of Pulmonary Resection for, 659
Tumors, Involving the Cauda Equina, Early Signs and Symptoms of, 668

U

Ulcers, Gastric Giant, 749
Gastrointestinal, Acute Perforation of, 245
Gastrointestinal, Amylase Concentration in Serum and Peritoneal Fluid Following Acute Perforation of, 245
Peptic, Studies on Mechanisms of Activation After Non-Specific Trauma, 738

V

Valvular, Tricuspid, Insufficiency, 339
Varices in Children, 17
Ventricular Aneurysm, Resection of a, 256
Vertebral Artery, Technic for Surgical Exposure of, 537
Volvulus Midgut, with Rectal Hemorrhage in the Newborn, 112
